

NIRAKASH SAPKOTA

ABOUT ME

I am a dedicated and detail oriented programmer with a passion for building efficient and user friendly applications. I love solving complex problems, optimizing workflows, and contributing to real world projects through clean and maintainable code. I am actively seeking career opportunities at the moment and looking for a full time position.

EDUCATION

2018 -2024

EUX - DATA OG KOMMUNIKATION (Grundförløb 1 - Hovedforløb 6)

Technical Education Copenhagen - Ballerup

WORK EXPERIENCE

Developer

Currus-Connect 2024 - present

- I contributed to a project specializing in car parts distribution across Europe. I worked on cloud database management, API development, and full stack programming to enhance system efficiency and scalability.

Software Development Student

TEC - Praktik Center 2019 - 2024

- Collaborated with cross functional teams to develop various software and web applications, primarily using C# ASP.NET, Angular and SQL databases.

PROJECTS

🔗 **Blood Alcohol Calculator** - A calculator that will calculate estimated blood alcohol level after drinks

🔗 **News Blog** - Full stack MVC (Model View Controller) blog made in ASP.NET

🔗 **Flight Simulator Mods** - A website for flight simulator community to download available free mods and enhancements.
